

Daring on the green rope

When the green rope was out again today Flynn you were out there practising the high rope walk. It can be a bit intimidating but you have become very good at this – and at climbing into the tree and jumping down. We just love the way you are prepared to take risks and have seen you develop confidence at the ‘daring’ physical tasks we put out for children to try.

We see confidence in risk taking physically carry over to how children tackle other difficult or challenging activities and can see that because you are willing to practise tricky climbing and jumping you have become much better at it and are one of our experts, able to lead and show others how it is done. Well done Flynn.
