

STRENGTHENING LITERACY

**A Ministry funded Professional Learning Programme
SELO: Strengthening Early Learning Opportunities**

*Whaowhia te kete mātauranga
'Fill the basket of knowledge'*

"There is clear evidence that teachers who have strong 'theoretical knowledge' of literacy and can integrate this well achieve the greatest overall gains for children." McLachlan, Nicholson, Feilding-Barnsley, Mercer, and Ohi

Beyond reading and writing milestones: exploring literacy concepts and practice for authentic learning in early childhood settings

Programme Highlights:

- An opportunity to "step-up" and take on the role of Centre/Service Facilitator, helping to lead change and act as a mentor in your centre
- In-depth workshops with ELP Professional Learning Facilitators
- In-centre visits and support
- A 'literacy-based' internal evaluation focus/research question and outcome statement relevant to your specific setting
- A chance to broaden your knowledge and practice around internal evaluation, shared and distributed leadership, action research, and literacy theory and practice
- Access to research, resources, and external experts
- Ongoing mentoring, contact, guidance, and support from professional learning facilitators and the community of practice in your literacy cluster group
- Opportunities to widen your professional network and strengthen your team culture
