

STRENGTHENING MATHEMATICS

**A Ministry funded Professional Learning Programme
SELO: Strengthening Early Learning Opportunities**

*Whāia te mātauranga hei oranga mō koutou
'Seek after learning for the sake of your wellbeing'*

"We have to recognize that human flourishing is not a mechanical process; it's an organic process. And you cannot predict the outcome of human development. All you can do, like a farmer, is create the conditions under which they will begin to flourish." Ken Robinson

Redefining mathematical practice in early childhood to protect and develop children's identities as competent and confident mathematicians

Programme Highlights:

- An opportunity to "step-up" and take on the role of Centre/Service Facilitator, helping to lead change and act as a mentor in your centre
- In-depth workshops with ELP Professional Learning Facilitators
- In-centre visits and support
- An internal evaluation/ research question and outcome statement relevant to your specific setting
- A chance to broaden your knowledge and practice around self-review, shared and distributed leadership, and action research
- Access to research, resources, and external experts
- Ongoing mentoring, contact, guidance, and support from professional facilitators and the community of practice in your mathematics cluster group
- Opportunities to widen your professional network and strengthen your organisational culture
