

PERMISSION FROM FAMILIES /WHĀNAU TO COLLECT OBSERVATIONS AND CHILDREN'S WORK

The Educational Leadership Project (ELP) is contracted to the Ministry of Education to provide teachers in early childhood centres with professional support to maintain and improve programmes for children and families. We also work beyond these contracts in a variety of early childhood settings. Teachers in centres and settings always find the examples of documentation that we are able to share with others that highlight and celebrate children's learning extremely useful.

The items collected may be used in one or more of the following ways:

- *A published chapter in a book*
- *At ELP workshops and centre visits*
- *In presentations and papers about ELP and professional education*
- *Academic work overseen by Professor Margaret Carr, this may include publications and books*

Your permission is required before this example of your child's learning can be used in the following ways:
